

PANDJIRIS

Manipulators

Weld Plus offers many Pandjiris manipulators to handle any positioning job from the small manual manipulators to larger systems. Whether you need a basic manipulator or a fully integrated system, Weld Plus can meet your needs. When your application calls for long continuous welds or torch placement for hard-to-reach parts, call Weld Plus for a quote on a system to meet your specifications.

Features:

- Heavy duty box beam construction.
- Remote pendant with joystick.
- Precisely-machined anti-fall device.
- 360 degree rotation.
- Rack and pinion drive system for boom movement.
- Precision machined ways.
